

## SEXUAL HEALTH & FAMILY PLANNING ACT

---

### Expression of Interest SHFPACT COUNCIL 2018-2019

Expressions of interest are invited from members of the Association for the SHFPACT Council. In the event that positions remain unfilled at the AGM, the Council may appoint members to these positions. Appointed members will serve until the next Annual General Meeting of the Association.

Interested members will meet with Council representatives and Executive Director for an interview to cover roles and responsibilities and answer questions about the function and expectations of the Council, and an overview of the organisation. An expression of interest may not result in appointment to the Council. Appointments are made on the basis of available positions, balancing the skills and expertise of the Council, and any representational considerations relevant to achieving SHFPACT's Purpose, aims and objectives.

Appointed Council Members of less than six months financial membership may be invited to attend Council meetings until the membership requirement period is met and they are able to vote.
